The right way to live with Jesus Christ!

Our Father

Our Father who art in heaven,
hallowed be thy name.

Thy kingdom come.

Thy will be done

on earth as it is in heaven.

Give us this day our daily bread,
and forgive us our trespasses,

as we forgive those who trespass against us,
and lead us not into temptation,
but deliver us from evil.

Amen.

The above picture was taken by me with my phone while sitting in my backyard. Jesus invites us to live in fellowship with Him!

Jesus wants us to pray to Him every day. By praying to Him we connect to the source.

You can choose to pray in your bedroom or at your praying altar, or church as long as you pray from the heart Jesus will listen.

Light a candle or incense to help you concentrate and empty your mind from all thoughts before starting. This way you will be able to hear Jesus messages to you.

The Ten Commandments

The Ten Commandments are God's laws. You should abide by them and always try to do the right thing to gain a ticket to our Lord's Kingdom.

Tattoos and body modifications

Jesus loves all His children regardless of ethnicity, race, color, or socioeconomic status.

Tattoos and body modifications are a personal choice. If you decide to have them that doesn't mean that Jesus will stop loving you. Jesus knows every person's heart and intentions and that's what matters. As long as you always try to do the right thing by Jesus and your fellow human beings He doesn't mind how many tattoos you have or not as long as you love Him and your intentions are pure.

Sex and procreation

The way we procreate has been gifted to us by God. Sex is not sinful, on the contrary, it's the way we procreate. Humans make sex sinful by being adulterous, having orgies, through bestiality, pedophilia, or rape.

Immorality and sin are committed by people who in their hearts do not follow Jesus. Someone with pure intentions and fellowship with God never commits such atrocious acts.

Procreation is a gift from God that allows us to multiply and have descendants.

Porn on the other hand is and isn't sinful. He/she who watches porn does not sin but he/she who participates in porn does. Why desecrate yourself? There's no respect for one's body and self when you participate or create porn. Every person is precious and unique and should respect their God-given temple which is our body.

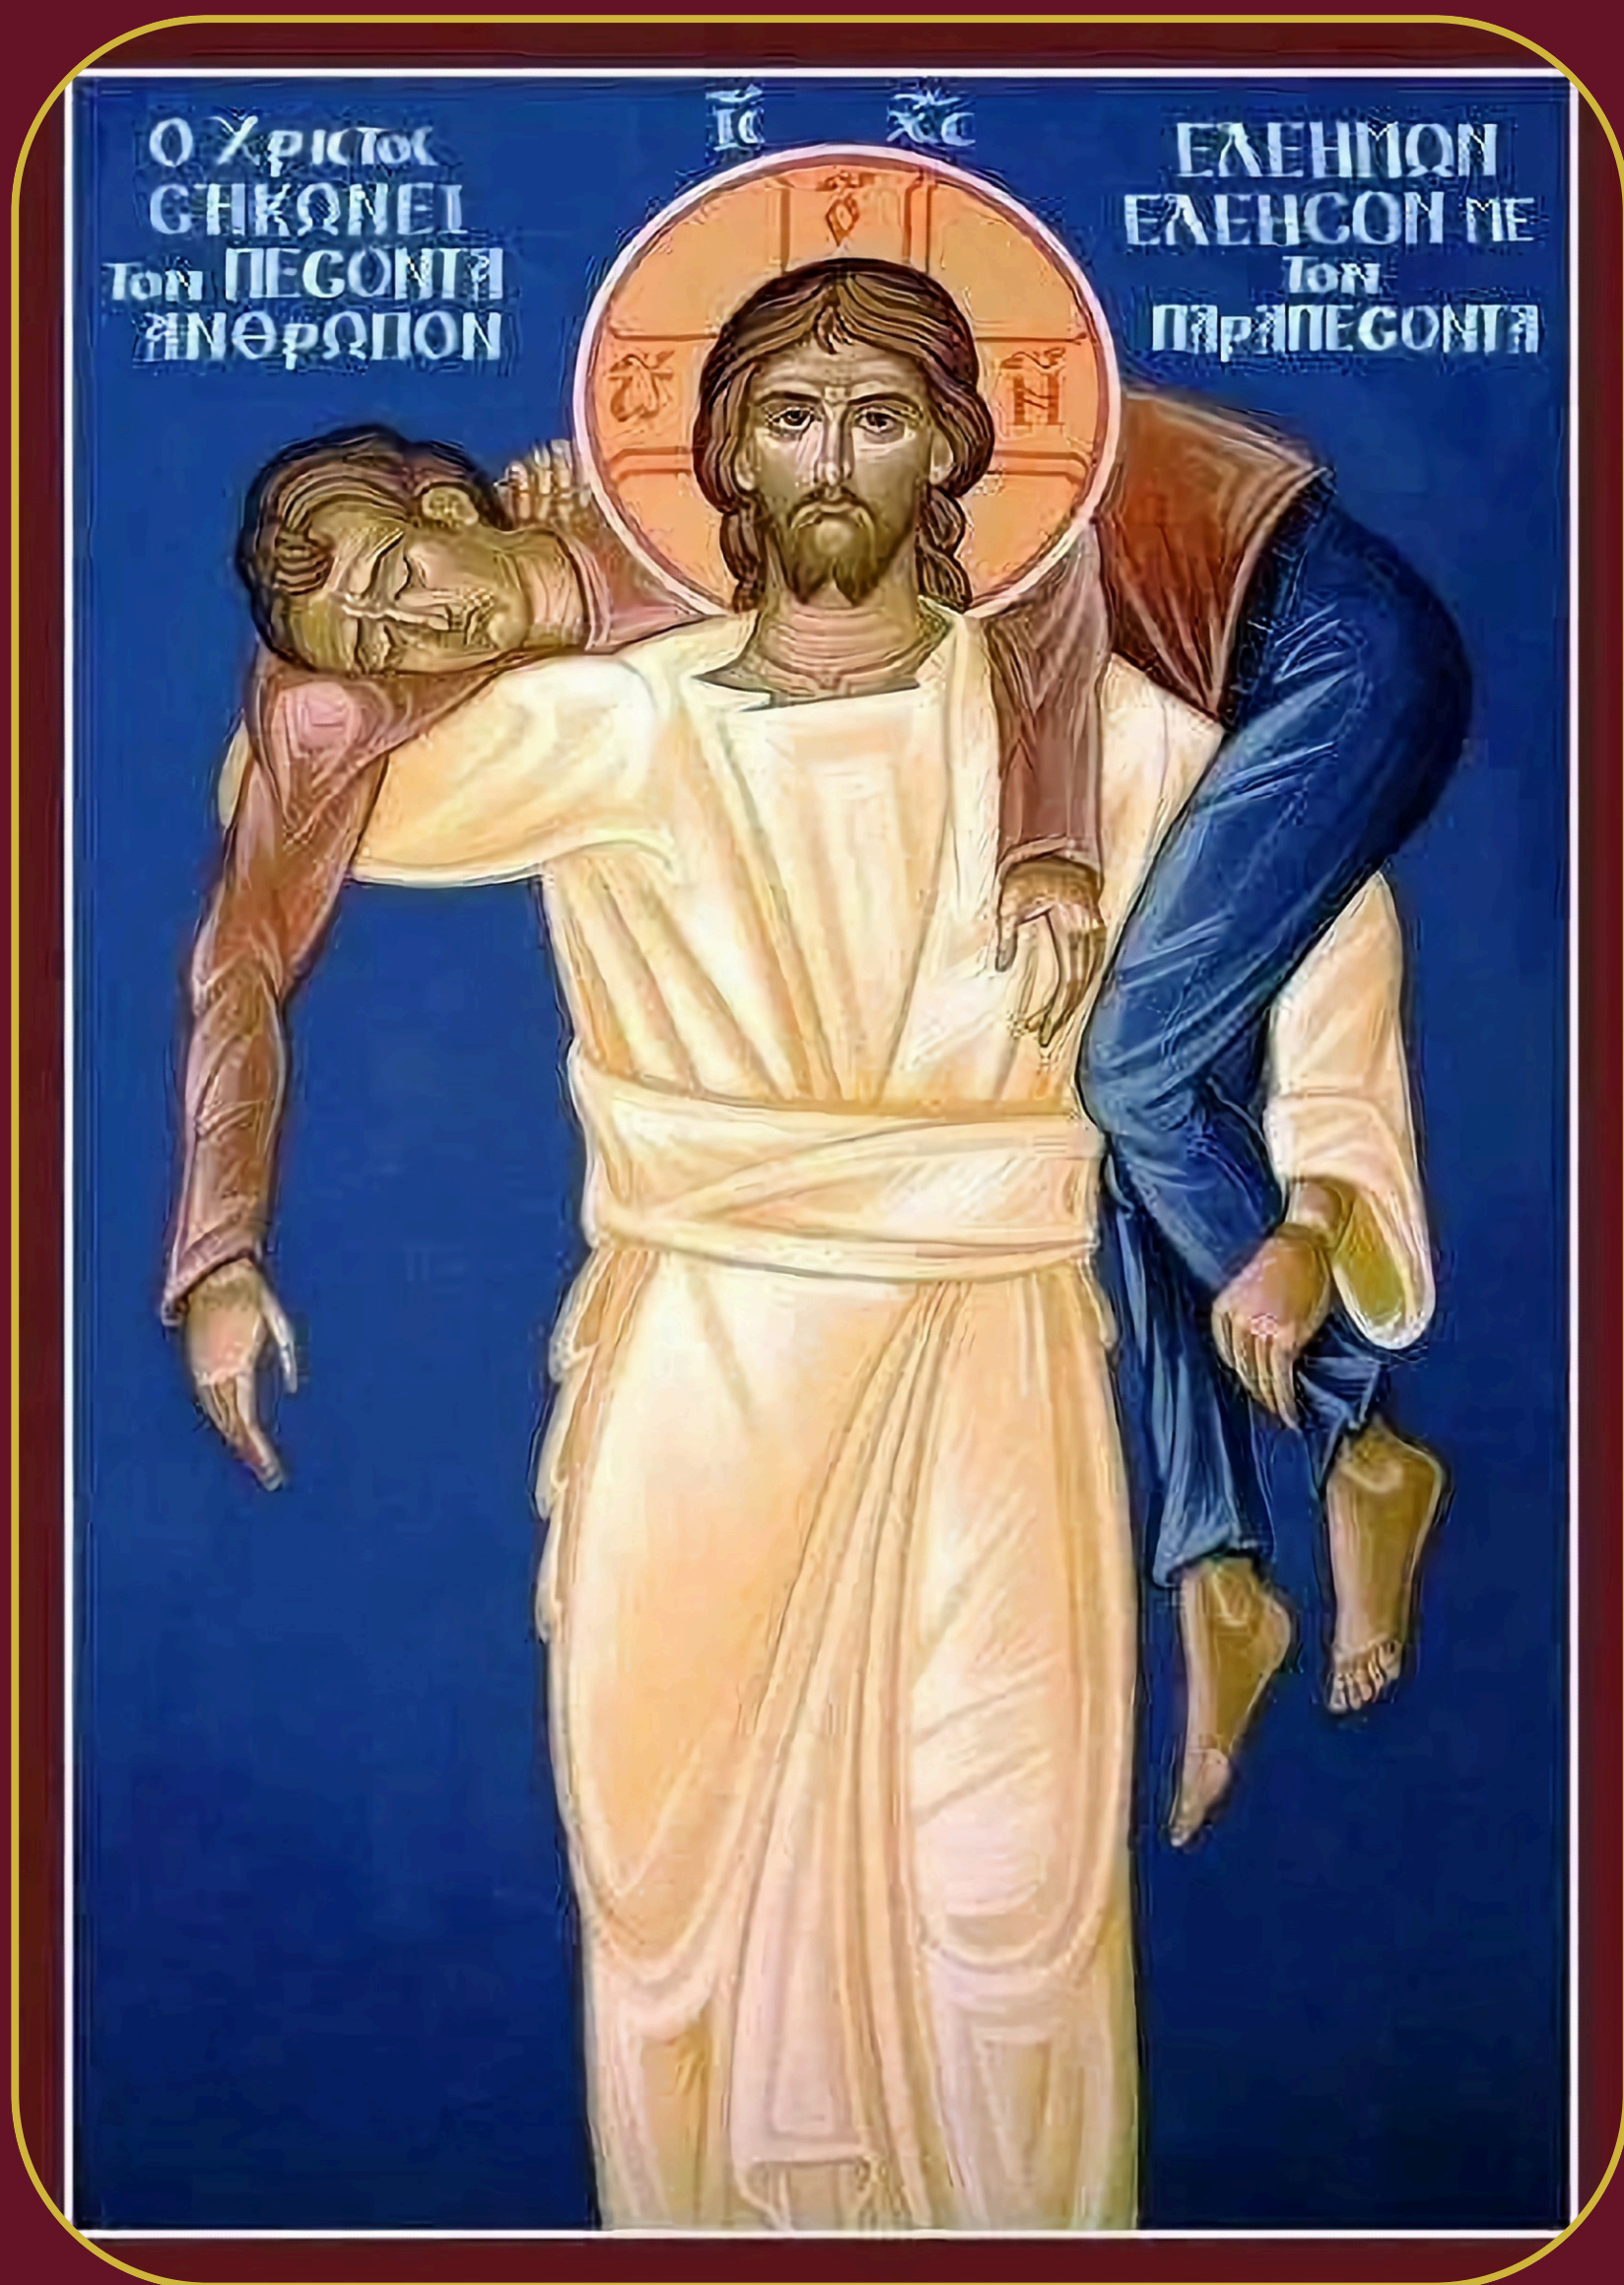

Our temples aka our bodies house our souls and spirits. Do not allow negative and demonic energies into your aura. Through sex, you allow your spirit to attach itself to the other person's spirit. Therefore, if that person is unclean spiritually you risk having negative or demonic attachments such as 'Dijon's which are incubus and succubus energetic demonic entities attached to you.

Hence, these demonic energetic vampires cause havoc in one's life by destroying relationships, finances, and everything important to you, even your health.

On the other hand, being a virgin is a privilege. Everyone is different and it's your right to choose when and with whom you will lose your virginity.

For more visit <https://www.Growbigdreams.com>

Never allow anyone to pressure you to do something you're uncomfortable with. It's your body and your choice. Virginity isn't something to be embarrassed about it is a privilege and a gift. Therefore, do not gift your virginity to anyone. Choose wisely.

Jesus cares about you and your well-being !

Drugs and Alcohol

This is another of the devil's tricks to dehumanize and corrupt us. If you have a drug, alcohol, or gambling problem please seek help. It's never too late to stop and gain control of your life.

Drugs and alcohol kill our spirit. What that means is we are more prone to unlawful behaviors and sin. Therefore, our connection to God gets disrupted and our Godly shield of protection dissipates.

Say no to all addictive substances. Take back control of your life and reconnect to God. Our Heavenly Father will give you the strength and determination you need to not need any substances in your life ever again.

God loves all His children unconditionally and His heart breaks into a thousand pieces whenever He sees us in pain. Take the first step to forgive yourself so you can allow God to forgive you in return.

Growbigdreams.com

Homosexuality

God loves all His children regardless of ethnicity, race, color, or sexual orientation. Being gay doesn't mean God loves you less. As long as you always try to do the right thing and you love God with all your heart, God loves you back.

Being gay or transgender has nothing to do with God's love. God loves all His children unconditionally and doesn't judge our actions based on our choice of partner. Our Creator sees our actions and heart and that's what is important to Him.

**Archangel Michael defeating the
devil**

Secular music and films

Secular music is non-religious music. Unfortunately, we humans make everything sinful. God Himself has gifted us with music. Therefore, music itself is not sinful.

You can listen to any type of music you like as long as it does not have lyrics that praise the devil. You can use music to practice Divine Mindful Meditation.

The same goes for movies. Our Lord will never punish you for your taste in music and movies. The Lord knows your intentions and heart and cares only about your actions.

On the other hand gospel music pleases our Lord. As long as the music and lyrics honor Him in a respectful way.

Black magic, spells and divination

The forbidden arts if practised is a sin. Not only you will invite demonic entities into your life you will also feel the wrath of God.

All black magic, divination, mediumship, runes, voodoo, necromancy, and everything related to spells is a sin.

Punishment for practicing the forbidden arts is generational karma that lasts from 4 to 7 generations. In addition, it creates present-life karma.

Imposing on someone's free will is a sin. God Himself has gifted humanity with free will. Nobody has the right to harm another person.

Moreover, divination tools are a portal for demonic entities. These demonic entities attach themselves to the person who practices the forbidden arts and to the younger family member if there is one.

Never practice black magic as it sure will become your ticket to hell. You should pray to our merciful and loving Heavenly Father for forgiveness and repent if you have experimented with spells.

God is the Redeemer of souls and loves all His children. His forgiving and merciful grace always listens to our prayers.

Self-awareness and self-worth

Self-awareness is achieved by being open to constructive criticism.

When someone points out your flaws instead of being defensive you should acknowledge, embrace, and reflect.

Another way to achieve self-awareness is to understand your own strengths, limits, and weaknesses.

God is a wonderful mentor when you need to find yourself.

Through God, you stop underestimating yourself, learn how to set boundaries, and become focused, disciplined, and determined.

Faith is a huge stepping stone for improving your self-awareness, self-worth, and self-esteem and conquering self-love.

Self-worth:

Subsequently, 9 out of 10 people believe they're not worthy of love, success, or acceptance.

Belonging is a crucial part of our developmental years and our emotional health.

From an early age, we become members of communities until we're integrated into society.

Our first community is our family and neighborhood. After that, we transition into school.

Schooling plays the second major role in developing our worth and awareness. Through our schooling years, we establish our self-image.

Our need to belong has detrimental effects and consequences in our adult lives if we experience rejection.

Many people have reported diminished self-worth after being rejected by their own parents or siblings.

Low self-worth hurts our spirit. Through faith, we can restore our self-worth to glorious proportions.

God is love and through His love, you learn how to love yourself.

Our Lord teaches us how to love ourselves, set boundaries, accept love, embrace our flaws, and respect our individuality.

God's way is the only way.

This is exactly what God gifts you. The opportunity to be yourself.

To know your worth and accept love and love yourself the way you are. Individuality, originality, confidence, and self-esteem are very sexy.

God wants you to live your best life as YOU!

By creating an intimate relationship with God you drop your guard and pretentious false mask.

Our Lord knows that you're hurting inside, He can feel your pain.

Therefore, His love for you is unconditional, undying, and never-ending.

Jesus wants to see you thrive, flourish, prosper but most importantly be yourself.

Seek Him and you will find Him. Allow Him to heal your heart and restore your dreams.

Therefore you can achieve anything you want. He will remove the obstacles that block your path to success.

Through God, you will raise your self-awareness and get to know your worth.

God wants you to know your worth!

Suicide

Suicide is not a sin, contrary to popular belief. This is the reason why God who has seen those people's potential and worth is inconsolable when they decide to harm themselves.

If you or someone you know is experiencing suicidal thoughts please reach out to a professional.

The following link has all countries listed in alphabetical order. Contact your country's suicide prevention helpline.

Suicide helplines

Do not keep everything bottled up. We only have one life. It is not worth it whatever the problem you're experiencing. You will not only hurt yourself but your whole family also.

The people who love you will have to endure your loss for years to come. A piece of you exists in their hearts.

Therefore, do not break it.

Suicide is not the answer! Everything will be okay again I promise, and whatever is bothering you now will cease to matter in the long run.

Suicide affects everyone not just you!

Stay, Fight, Live!

Life is meant to be lived fully with the bad and the good.
Do not throw away God's greatest gift to you, your life.

Your Life Is Precious!

In the end, everything will be okay.

Forgiveness

Forgiveness is essential for human souls. When we forgive others who trespass against us we allow God to forgive our sins.

Instead of seeking revenge forgive so your soul and heart can find peace and solace.

The greatest gift you can give yourself and God is to forgive your fellow human being.

Jesus Christ forgave those who crucified and tortured Him. Therefore, we must imitate our Lord and forgive those who hurt us.

God in return will bless your life when you forgive your fellow human being.

Materialism and consumerism

We're bombarded every day through social media and TV to buy and constantly consume.

This in return causes us to want to work overtime and in some instances two or three jobs just so we can afford to buy things.

Things that will become useless over time or stolen. We spend all our energy working that we don't have time or energy to spend with our family and loved ones.

Hence, we don't have the time or energy to connect with God. We have become slaves to a society that is consumed by materialism. Therefore, we have conformed to fake ideologies.

Materialism doesn't gratify your soul. On the contrary consumerism and materialism distracts you from your Godly duties and create a distance between you and God.

People have been brainwashed by society to constantly compare themselves. Their lives are a constant battle of competition and comparison.

By comparing yourself you only hurt your spirit. A hurt spirit is the elimination of self-worth and self-appreciation.

Our Lord wants us to embrace our individuality, uniqueness, and originality. God has gifted everyone with unique talents, gifts, and skills.

Instead of immersing ourselves in materialism, consumerism, and competitiveness, we should embrace our wants.

**Do Not Conform!
Reform!**

"Your DNA and fingerprints are unique. Only one copy of you exists in all dimensions. There will never ever be a person like you ever again. No one can be duplicated, copied, replaced, or cloned. Every single one of us is one of a kind!

"We come on this planet to leave our mark. Some people touch a handful of lives and some more. Nevertheless, we all end up leaving our own fingerprints on this world."

Instead of drowning in self-pity get up and do something to change your life.

Stop wasting your precious time with drama. Surround yourself with loving and positive people.

Put an end to competitiveness and comparison. You're unique and you're enough. Embrace your individuality. This lifetime is yours so make the most out of it.

Choose to always do the right thing. Honor the life God gave you. Cherish your body as it's the temple of your soul. We will carry our bodies until we die, therefore be kind to yourself.

Love yourself and know your worth. Allow yourself to receive love. Love and cherish our Creator. Do not lose yourself in materialism and consumerism.

Hence, do not drown yourself in debt to keep up with the Joneses. The only thing we will take with us is our memories.

Therefore, Create memories!

We come naked in this world and naked we will depart it.

Spend more time with your family and friends.

Our Lord gifted us with the greatest gift of all, our LIVES.

**Do not waste it.
Laugh, Love, Live!**

How to protect yourself against all evil!

1. You should always anoint your home, especially if you just bought it or rented it. Always use Holy Oil which is blessed by a priest. Anoint your doorways and windows by putting some on your finger, and making the sign of the cross. For extra protection recite Psalm 91.
2. Before placing old used furniture in your home remove all old energies. In a bucket add 3 drops of Holy water and 3 teaspoons salt. Use a sponge or cloth to wipe down the furniture. Let them dry in the sun before placing them inside your home.
3. The seven Psalms for Divine protection are 140, 61, 5, 23, 91, 25, and 121. Recite these Psalms before traveling, a job interview, or any important endeavor.
4. Before leaving your house anoint yourself and your loved ones between the eyes. This will protect you from the evil eye and word spells.

For more visit <https://www.Growbigdreams.com>

5. Drink Holy Communion which represents Jesus Christ's flesh and blood. This provides the ultimate protection against all evil, especially demonic attacks.
6. Blessed Holy Water should be drank at least once a month. Holy water replenishes our spirit.
7. Reciting The Lord's Prayer throughout the day blocks all negativity and evildoers from approaching you.
8. Remain in fellowship with The Lord and obey His commands. With God by your side, you're untouchable.
9. Always wear a crucifix and remember to do the sign of the cross on your children's pillow before they go to bed to prevent nightmares.
10. Read God's word The Bible, and always do the right thing.

Rebuke all evil in the name of Jesus Christ and live in fellowship with Him to have a blessed life on earth and a chance to enter His Kingdom. Amen

How to Repent

It's not enough to just ask God for forgiveness.

There's a process you must follow diligently.

First and foremost, you must confess with your mouth and believe in your heart that Jesus Christ is God.

Hebrews 11:6

"And without faith, it is impossible to please God, because anyone who comes to Him must believe He exists and that He rewards those who earnestly seek Him."

Faith is paramount for our souls.

Second, you must confess your sins to God and feel in your heart true remorse.

By confessing your sins out loud you acknowledge your own wrongdoings.

Third, you must never repeat those wrongdoings or sins.

Fourth, you must receive the Holy Communion which is Jesus Christ's flesh and blood.

That way your soul and spirit will be replenished and cleared from all negative residue.

Lastly, you must live a Godly and Christian life in fellowship with our Lord.

Through repentance your Spirit is reborn and all your sins cease to exist in the Holy Scroll of Life.

When you repent God gives you the chance to start over as if you were born yesterday.

In conclusion

We're all different. Everyone dresses and expresses themselves uniquely. What matters is to love our Lord and Heavenly Father wholeheartedly and have pure intentions toward our fellow human beings.

In addition, we should protect and love all God's creatures and creations. Therefore, always try to do the right thing and remember that God sees and hears everything we do.

Live a Godly life by living the right way and honoring our Lord Jesus Christ.

All glory goes to Jesus Christ!

Amen!
